**INGREDIENTS**

Forage Products, Roughage Products, Processed Grain By-Products, Plant Protein Products, Flaxseed, Calcium Montmoreolite, Molasses Products, Soybean Oil, Salt, Monocalcium Phosphate, Choline Chloride, Vitamin E Supplement, L-Lysine, Monosodium Phosphate, Bypass Methionine, Calcium Propionate, Copper Sulfate, Yucca Schidigera Extract, Ferrous Sulfate, Organic Selenium Yeast, Zinc Oxide, Manganous Oxide, Sodium Selenite, Niacin Supplement, d-Calcium Pantothenate, Vitamin A Acetate in Gelatin, Vitamin D<sub>3</sub> Supplement, Mineral Oil, Vitamin B12 Supplement, Riboflavin Supplement, Menadione Sodium Bisulfite Complex, Ethylenediamine Dihydriodide, Lactobacillus acidophilus fermentation product dehydrated, Lactobacillus casei fermentation product dehydrated, Bifido bacterium thermophilum fermentation product dehydrated, Enterococcus faecium fermentation product dehydrated, Calcium Propionate, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Copper Amino Acid Complex, and Cobalt Glucoheptonate.

**FEEDING DIRECTIONS**

This pellet should be fed free choice to maintain animals. This product is a complete feed for all classes of rabbits. Feed requirements will vary depending on body weight, environment, housing and stage of production. Non-lactating adult rabbits should be hand fed approximately 1/2 ounce per pound of body weight, increased or decreased depending on condition desired. Nursing does and litters should be fed free choice. Nursing does and their litters will consume 1 to 3 ounces per pound of bodyweight per day. Gradually increase the amount fed from kindling so at the time the litter is one week old the doe is consuming all of the feed she will eat. Fryers will consume an average of 4 ounces per day during the period from weaning to market. Free choice clean fresh water should be available for animals at all times.
